

Video extra Unit 4

Extreme weather

- 1 Work with a partner. Make a list of different kinds of extreme weather and the disasters that they cause.

.....

.....

.....

- 2  Watch the film and tick (✓) the items on your list that Christina and the students mention. Add any additional ones to your list.

- 3  Work with a partner and answer the questions. Then watch the first part of the film and check your answers.

- 1 What does Christina say happened in England last winter?
- 2 What does Destiny say happened in southern England?
- 3 What does Lauren say the sea caused?
- 4 What natural disaster does Eddie talk about?

- 4  With your partner, match the experiences of extreme weather (1–3) with the correct student (a–c). Then watch the last part of the film again and check your answers.

- 1 It was so windy, our garden fence blew down.
- 2 There was a heatwave last summer – temperatures got into the 30s.
- 3 We were sent home from school because it was snowing heavily.

OVER TO YOU

- 5  Answer the questions with a partner.

- 1 What examples of extreme weather have you seen on the news recently?
- 2 What kinds of extreme weather have you experienced?
- 3 Have you seen any of the extreme weather shown in the photos in your country? If so, where and when?
